

Summary of the voting phase on FOS Wild v.4 and FOS Audit Guidance v.2

Scope

During the third phase of the revision process of the standard **FOS Wild v.4** and **FOS Audit Guidance v.2** Friend of the Sea has requested to its Technical Committee members to vote on the approbation of the two documents.

Management of the votes

The Technical and Scientific department of Friend of the Sea has received and counted the votes of the members. The result is the following:

- **10 votes** in favour of the approbation
- **0 vote** against the approbation
- **9 members** of the Technical Committee **abstained** from voting

Final result

Based on the votes of the Technical Committee members, and since the majority of the votes in favour has been achieved, the standard FOS Wild v.4 and the FOS Audit Guidance v.2 have been **approved** by the FOS Technical Committee.
