Circular 0320

TO: Accredited Certification Bodies

IN COPY: National Accreditation Bodies

To Whom it may concern.

To further explain and correct in part the previous Circular 0220 and to meet the requests received from some of the Accreditation Bodies, we wish to clarify that, while WSO and Friend of the Sea strongly recommend to video record the whole audit, **companies and CBs are authorized to carry out the audits in the normal remote way** (without video recording, which is therefore NOT mandatory).

In faith,

Paolo Bray
Director
WSO / Friend of the Sea project
